## WHO WE ARE. WHY CHOOSING TNT MEDICAL.

TNT Medical, established in 2006, is the leading medical supply distributor that provides comprehensive healthcare solutions and services to hospitals across Vietnam.

Over the last 10 years, we have been working relentlessly to acquire in-depth knowledge and expertise via implementing a significant number of hospital planning and management projects. Owning solid partnerships with various world-leading manufacturers, based on TRuST and mutual benefits, TNT Medical has been consistently providing high quality medical equipment together with dedicated aftersales services, serving a widespread network of hospitals across Vietnam. Our successful and reliable delivery of a large number of hospital infrastructure and architecture projects has also helped us win customers' trust and confidence in our promised quality.

With growing demands for healthcare services in Vietnam during recent years, we challenge ourselves to the goal of building better lives for the community by supplying innovative products and comprehensive healthcare solutions, improving hospital operations and healthcare service quality.

TNT Medical is headquartered in Hanoi and has nationwide representative offices in Ho Chi Minh City, Can Tho, and Da Nang, and Nghe An. With more than 100 employees, TNT Medical is strongly focused on improving our offering portfolio and strengthening our implementation capability to better serve the healthcare sector in Vietnam.

## OUR CORE BUSINESSES

Medical Equipment and  
Device Supplying

Hospital Planning and  
Management Consulting

Medical Equipment  
Leasing

Installation, Repair, and  
Maintenance

Hospital Consumables  
and Accessories  
Supplying

# TRUST MATTERS

TNT Medical have acknowledged the significance of building trust and confidence among our customers, partners and employees; and strongly believe that **“Trust is the cornerstone to sustainable growth”**. This commits us to making a contribution to improving the entire national healthcare system and community welfare.

## OUR VISION

Enhance the national healthcare system and the quality of people's lives through the provision of high quality healthcare products as a trusted comprehensive hospital solutions provider in Vietnam.

## OUR MISSION

To create a better life, to contribute to the evolution of national healthcare services and to improve public health. We deliver our commitments by providing innovative products and comprehensive solutions as well as constantly striving for excellence and improving services offered every day.

## OUR CORE COMPETENCIES

Wide variety of products and solutions of high quality that can meet different clinical needs and purchasing budgets.

Dedicated user training supports before and after sales to drive user knowledge to fully leverage all the functionality and clinical application benefits of the equipment.

Strategic partnership with world-leading medical equipment manufactures.

Extensive network with hospital KOLs for collaboration of user training activities and CME workshops

Dedicated technical supports with 24/7 availability for troubleshooting to minimize equipment operation downtime

Dedicated sales team to consult and map customers needs with the most suitable solutions that can optimize TCO for customers
